Response to Office Action Dated 10/22/2004

**REMARKS**

2 A review of the claims indicates that:

3 A) Claim 24 remains in original form;

4 B) Claims 13—23 were previously presented; and

5 C) Claims 1—12 and 25—34 are cancelled.

**Drawings**

6

7 In the Office Action mailed 10/22/2004, the Patent Office objected to the  
8 drawings under 37CFR 1.83(a), saying that the drawings failed to show “a browser that  
9 describes a vector shape on top of a raster image,” as recited by the claims.

10

11 This language was found only in Claim 27. Claim 27 has been cancelled.  
12 Accordingly, the Patent Office’s objection to the drawings is now moot in view of the  
13 cancellation of Claim 27. The Applicant reserves the right to reinstate claim 27 in a later  
14 application claiming priority to this application.

**Claim Cancellations**

15

16 Claims 1—12 and 25—34 are cancelled without prejudice to the Applicant’s right  
17 to file the same or similar claims in a later application claiming priority to this  
18 application. Accordingly, the section 112, 102, 103 and drawings objections are moot.

**Allowable Subject Matter**

19

20 Claims 13—24 were found to have allowable subject matter, and were allowed by  
21 the Examiner in the Office Action mailed 10/22/2004.
